

Grade 2

- Unit 1: Adding and subtracting within 100 (12 days)
- Unit 2: Exploring standard units of length (12 days)
- Unit 3: Relating addition and subtraction to length (12 days)
- Unit 4: Relating skip counting to time (6 days)
- Unit 5: Solving problems involving money (12 days)
- Unit 6: Understanding three-digit numbers (8 days)
- Unit 7: Expressing and comparing three-digit numbers (10 days)
- Unit 8: Relating skip counting to mental addition and subtraction (5 days)
- Unit 9: Generating and representing measurement data to solve problems (15 days)
- Unit 10: Reasoning with shapes and their attributes (10 days)
- Unit 11: Applying strategies to add and subtract within 100 (15 days)
- Unit 12: Developing foundations of multiplication through exploring even and odd numbers (8 days)
- Unit 13: Using arrays for foundations of multiplication (8 days)
- Unit 14: Estimating and comparing lengths (12 days)
- Unit 15: Demonstrating fluency in addition and subtraction (15 days)
